Dear families of SASA

Last Wednesday we had our school Fun Run to raise money for a Cambodian family. This is one of a hundred families chosen from Cambodia to raise money for. I am so proud of our school for raising well beyond our target of $5000. We raised over $6000 so I want to thank all of our wonderful school families. If you would like to know more information about the charity we raised money for then please visit http://www.rawimpact.org/everypieceofmatters/

I am looking forward to celebrating WOSE next week with the students. It will run everyday after lunch at 12:10pm. This year we have Pr Raul Moran visiting to take the Week Of Spiritual Emphasis program and we are really looking forward to it.

This week we had a prac student from Avondale College start in the Year 1 class. Her name is Sarah Dunlop and she is very excited to get to know the students and to teach them once Mrs Marsden goes on maternity leave. We would like to give her a warm welcome to our school.

Congratulations to our students who received their swimming trophies this week.

Principal

A Word from Our Chaplain

Early in May a small group of the students and their parents went to highlight the Sydney Adventist School Auburn at the Sydney Chinese Adventist Church. The students did a fantastic job in representing the school in their messages, special items and leading out in singing the songs. Our Principal, Mrs Danyel Efstratiou, introduced the SASA WAY to the church.

The students that did the children's story did a great job in acting out the message. Each person represented the characteristics of different people but they were all invited to join the group. They each brought a different sounding bell with them. When they all got together they then rung their bell at the right time and created a lovely song. Everyone is important in a group.

Many of the students have already been involved in this sort of program on behalf of the school. This one had a different element to it. The school captains, Rozannah and Enoch, had to not only present their message but also to work with an interpreter. We tried to practice a bit at school by having a person imitate like an interpreter but the real thing in front of lots of other people is a different experience. Both Rozannah and Enoch did a great job working with the interpreter. It was a first time experience for both of them and they handled it very maturely.

Life can be full of interruptions. We need to keep the focus on the big picture that we have for life. Sometime the interpreters in life can have a positive input to the way that we look at life. Often they are an interruption that can take us away from what we want out of life.

Stay focused. Love your family, keep smiling and enjoy God's blessings.

Blessings
Pr John Wells
